eBooks and eAudiobooks

Camas Public Library

To provide the widest selection of titles to our members, the Camas Public Library subscribes to two separate eBook and eAudiobook services for our members, which can be found on the databases page of our website:

OverDrive and OneClickDigital

In addition, there are a number of websites on the Internet that provide free eBooks and eAudiobooks. The sites we recommend are on the back of this brochure.

Note: titles cannot be downloaded to library computers.

Wondering which service to use with the device you own?

Every device (there are *dozens* on the market) is different, and depending on the hardware and software on it, each service may or may not have files that can be read by your device.
